### BUILDING BELOVED COMMUNITY

*In a time when we are so polarized, how do we build what Dr. Martin Luther King Jr. called "a beloved community"?*

Is it possible for all of us in society to have dignity and value? How can we see cultural differences as a gift that makes us stronger rather than a burden that makes us weaker?

In this powerful interactive experience, co-creators of **JUSTmove**, David Scherer (AGAPE\*) and Joe Davis use storytelling and the arts to help us rethink how we see diversity in ourselves and in our world.

**DAVID SCHERER** (AGAPE\*) has been a trainer and facilitator for 20+ years. He teaches at Luther Seminary.

**JOE DAVIS** is a poet, teacher, and performer who was recently a keynote presenter for 30,00 people.
